Biography – Lisa Antenucci

After graduating with honors from SUNY Albany with a B.A in English and a minor in Theatre, Lisa started her career in communications and graphic design. Ten years ago she joined Knolls Atomic Power Laboratory where she now manages the delivery of technical documentation for the Naval Nuclear Propulsion Program. A Certified Green Belt, she also develops process improvement initiatives incorporating Lean Six Sigma methodologies.

A lifelong resident of Schenectady, Lisa is an active member of Our Lady of Mount Carmel Church and current Pastoral Council Member. She enjoys traveling, spending time with family and friends, and has a strong love of the arts. Her true passion, however, is the humane treatment of cats. She has three of her own and fosters the many strays that find themselves taking shelter on her deck. Lisa is a contributor to the American Humane Society supporting the care and wellbeing of all animals.
