RELATED TOPIC: *Community Service*

DESCRIPTION: The Homeless and Travelers Aid Society (HATAS) mission is to be a point of entry human services agency that helps the poor, the homeless, and other in need to lead independent, self-sufficient and safe lives in the community. HATAS strives to be a resource for collaborative change. They serve more than 5,000 men, women and children each year, providing a variety of services to Albany County's low income residents:

- Emergency homeless shelter access
- Homelessness prevention
- Counseling and case management for victims of domestic violence and people living with mental illness
- Subsidized and supported housing for homeless people with disabilities
- Employment services
- Jail Diversion for non-violent offenders living with mental illness

HATAS @ HOME is monthly program to share information about serious issues such as homelessness, poverty, mental illness, substance abuse, affordable housing, employment and domestic violence that impact our community. The goal is to inform people about the work of HATAS and engage them in making a difference, either through our program or somewhere else where their passion is.
