

DATE/TIME: Thursday, December 10
5 p.m.

LOCATION: [Marktech Optoelectronics](#)
[3 Northway Lane NORTH – please note address!](#)
[Latham, NY 12110](#)

CREDIT/POINTS: 2

RELATED TOPIC: *Economic Development*

DESCRIPTION: Now in its 25th year, Marktech is a manufacturer of L.E.D. assemblies and finished products and a distributor for both Toshiba and Cree. In 2004, the company began manufacturing operations in China. Locally, Marktech is currently working with Metroplex, Price Chopper and the Schenectady Museum on new applications. Marktech is a full-service engineering, design and testing house. This experiential will include a presentation followed by a facility tour which shows Marktech's products in various applications such as medical lighting, emergency lighting, freezer lighting, architectural lighting and more.

DRESS CODE: No specific dress code requirements

HOST: **Mark Campito**, CEO (LTV '07)
