Join us to learn about emerging health care options and innovations in our community!

James Connolly, CEO of Ellis Medicine, will discuss the status of health care in Schenectady County today in terms of financial stability, employment and quality. In addition, he will share goals for future expansion at all three Schenectady County locations and more!

Ellis Medicine is poised for innovative new phases, and given the backdrop of the national health care debate, the support of our community is essential.

Please inform Robin Granger if you are taking part in this program.
